A heat wave hit Los Angeles, and two gals took off their clothes in their apartment, trying to get cool. Instead, they got turned on and ended up starting a heat wave of their own. A delivery man came with ice popsicles, and discovered the girls making out on the living-room floor.

The guy had a cock half the size of a baseball bat, so long it stuck out from beneath his shorts. The girls went crazy over it and switched from sucking their popsicles to guzzling his rod.

They invited him into the shower, so the three of them could cool off. That worked for awhile, but soon the guy had a hard-on again and the girls were hot for some more sucking and fucking. While one got down on her knees to suck his rod the other girl begged for a good solid screwing. When he got around to balling her, the other chick spread her thighs and positioned herself for a cunt-lapping.

The delivery man delivered the goods all right. He fucked hell out of both of them, and ended up giving them a shower of jism in the shower stall. They never regretted ordering those popsicles!

# LICK MY POPSICLE

It was a broiling hot day in Southern California, and the small pad that Gina and Mandy had rented was without air conditioning. They sat trying to concentrate on their card game, waiting for a delivery man to bring them some ice popsicles they had ordered over the phone. Sips of cooled red wine weren't doing the trick.

At last, Gina dropped her playing cards and rose, sweat making her tight white tank top cling to her full and shapely breasts. She gave her cute blonde roommate a kiss as she went to the black leather couch and dropped into it, exhausted from the heat. "Let me direct the fan over to you," Mandy said, as she got up from her chair and turned a large fan towards the black-haired beauty.

In the meantime, Gina had raised her tank top and revealed her huge tits. The air from the fan wafted over, evaporating her sweat and cooling her a little. "O-h-h-h," she moaned, "I'm so hot."

The young blonde went over to the couch and sat beside her roommate, then bent and gave Gina a kiss. This was no innocent kiss on the cheek, though, for her mouth covered the other girl's large pink nipples.

When her lips left Gina's breast, both girls looked down at the quivering mammary in surprise.

The blonde had left a large lipstick trace on her roommate's knocker!

The sight of Mandy's lipstick on her breast was first funny, then arousing to Gina. She rose and undid her green shorts, then slid them over the soft round curves of her lips. After stepping out of her shorts, she sat back on the couch and put an arm around her cute blonde roommate. Mandy was even bolder, snaking her hand between Gina's thighs, then probing her tight pussy with one finger. As they sat there on the couch in the cool stream of air from the fan, Mandy rapidly fucked her finger in and out of Gina's pussy, then bent over the girl's lap for a closer look.

The young blonde went over to the couch and sat beside her roommate, then bent and gave Gina a kiss. This was no innocent kiss on the cheek, though, for her mouth covered the other girl's large pink nipples.

The black-haired beauty parted her legs further, and the hand that was around Mandy's shoulder was now gently encouraging the blonde to press her face into Gina's crotch.

Mandy's tongue began to work away at her roommate's open slit. She licked up and down the inner cunt lips, then slurped up the pussy juice her cunt-lapping produced. Her tongue tip found the tiny button of the girl's clit, and when she began to caress it around and around in a tiny circle, the other girl's ass began to writhe on the black leather of the long couch.

"O-h-h-h," Gina moaned, as her loins began to buck with a fantastic orgasm.

When she was finally satisfied, she decided it was only fair to give her little blonde roommate the same pleasure. To do that, she went to a drawer and quickly returned with a thick plastic dildo. Mandy laughed. She had never used that thing, but she knew that Gina sometimes used it on herself. As the dark-haired beauty sat back down on the edge of the couch, Mandy rose, and the black-lace-bordered red baby doll she was wearing tucked into denim cutoffs was soon up high enough to reveal her plump tits. As for the cutoffs, Gina had them around the girl's knees, and the dildo was soon stuffed up the blonde's pussy.

Gina fucked Mandy with the dildo for a long

time, long enough that Mandy felt her body shaking with a climax. Then she returned the favor. As Gina sat back on the couch, her tank top up and her green shorts tossed aside, the blonde sat beside her and pistoned the dildo in and out of her cunt. Mandy got a kick out of doing it, finally leaning way over to lick Gina's clit as she plunged the artificial dick in and out of the tight hole just below it.

After a time, Mandy withdrew the dildo, only to stuff it up her own twat, once again in dire need of stimulation. As she fucked herself with the plastic thing, she leaned and licked her friend's huge breasts, then lay on her back along the black leather sofa, legs parted, for her roommate to apply a much needed tongue.

Gina obliged, popping off the couch to kneel on the red-carpeted floor. She pushed her face between the smooth white thighs of the other girl, found her hot slit with the point of her tongue, then burrowed within and began lapping furiously.

"M-m-m-m-m," sighed Mandy, as her friend sucked away at her pussy. "A-h-h-h. That's it. Suck my cunt like that, Gina. O-h-h-h. A-h-h-h. M-m-m-m. Oh, I think I'm coming. Oh, yes, I'm coming now. Oh. I'm coming. I'm coming. I'm c-o-ɔ-o-o-ming!!!"

Gina sucked away, till she heard a noise at the front door of the apartment. She looked up just long enough to yell, "Come on in!" expecting that it was their girl friend who lived next door. The door swung open, and in someone walked . . . very much to the amazement of both girls as they sat there half naked.

SIZZLE

They were staring up at a swarthy young man. They looked blankly at one another, then back up at the guy. Then they remembered. He was the delivery man with their iced popsicles!

"Oh shit," said Mandy, slipping down to the floor to be beside Gina, who hardly made an effort to cover her cunt.

The guy sauntered over, did a double take when he saw the girls were nude below the waist. "Here's your popsicles," he said, taking a couple of red-white-and-blue ice pops out of a box and offering them to the girls. He was sweating bullets,

not so much from the excitement of seeing half-naked cuties, but from the scorching temperatures of the day outside.

Feebly, both girls took a pop and began sucking on them.As for the guy, he was getting a stiff cock in the short magenta-colored pants he wore beneath a black t-shirt.

"That shirt sure makes sense today," Mandy said, gesturing up at the guy's t-shirt with her ice pop. The word SIZZLE was spread across the black shirt, which stuck to the man's broad chest with his profuse perspiration. "It's so hot we just took off our shorts," she added with a slightly embarrassed shrug.

"Okay by me," grinned the guy, as the girls took a startled look at the crotch of his shorts. "My name's Tony."

His dick had gotten so thick and long with his excitement that the smooth-fleshed head stuck out underneath the leg of his shorts. Gina introduced herself and Mandy, remaining wide-eyed, her gaze glued to the cock-head that peeked out at her. Tony set aside the box he'd been toting the popsicles in and raised the leg of his shorts to bare the full length of his gigantic cock.

Gina went crazy! She put down her pop and made a dive for the dick, a huge whang that was almost as big as the out-sized plastic dildo she had just been using on

herself and Mandy. Her full lips found the high-ridged tip of the man's rod, and as he looked down at her pretty face in great pleasure, she began to work her lips back and forth along the length of his cock. As for Mandy, she watched in amazement, sucking her pop all the time.

Gina soon had Tony's pants and sandles off, and after she retrieved her popsicle and stuck it in her mouth, she knelt and bent over the couch, parting her thighs in bold invitation. The big-cocked delivery man stuffed his organ into her pussy from the rear and began to hump away. Mandy, sucking away on her own ice pop, watched in fascination, then climbed over her roommate to lie on her back, her own legs widely parted.

Tony stared down wide-eyed at Mandy's pretty, blonde-haired cunt, as he went on thrusting his cock in and out of Gina's pussy from behind. He rammed his fat prick in and out till he saw her tremble, then heard her groan with orgasm. He increased the pace of his thrusting, not pulling out till he saw the black-haired girl relax her whole body. Without missing a stroke, he transferred his cock-head to the moist pink slit of the cute young blonde. Then he hammered his rod into her snatch, and as she groaned with pleasure he pistoned in and out.

Mandy was soon moaning with a climax, and when she too

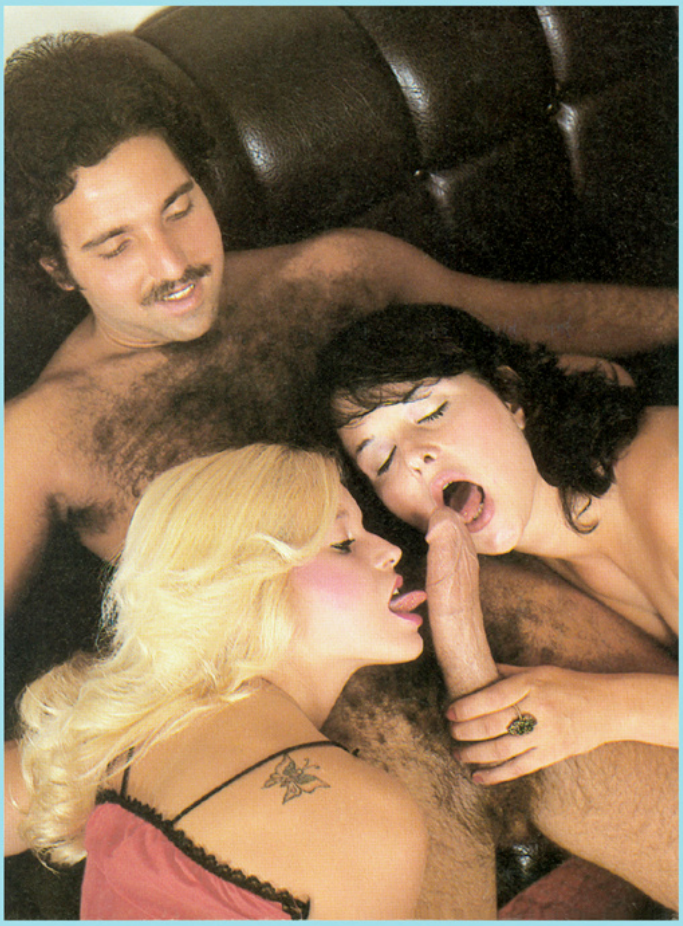
collapsed in satisfied exhaustion, Tony whipped his dick out of the tight grasp of her pussy. He was getting a little weak in the knees himself, for it was hot and he had perspired much. The fan was evaporating his sweat, cooling him, but he was near collapse anyway. He fell into the sofa, and as he did so the girls scrambled towards him on their knees on the carpet.

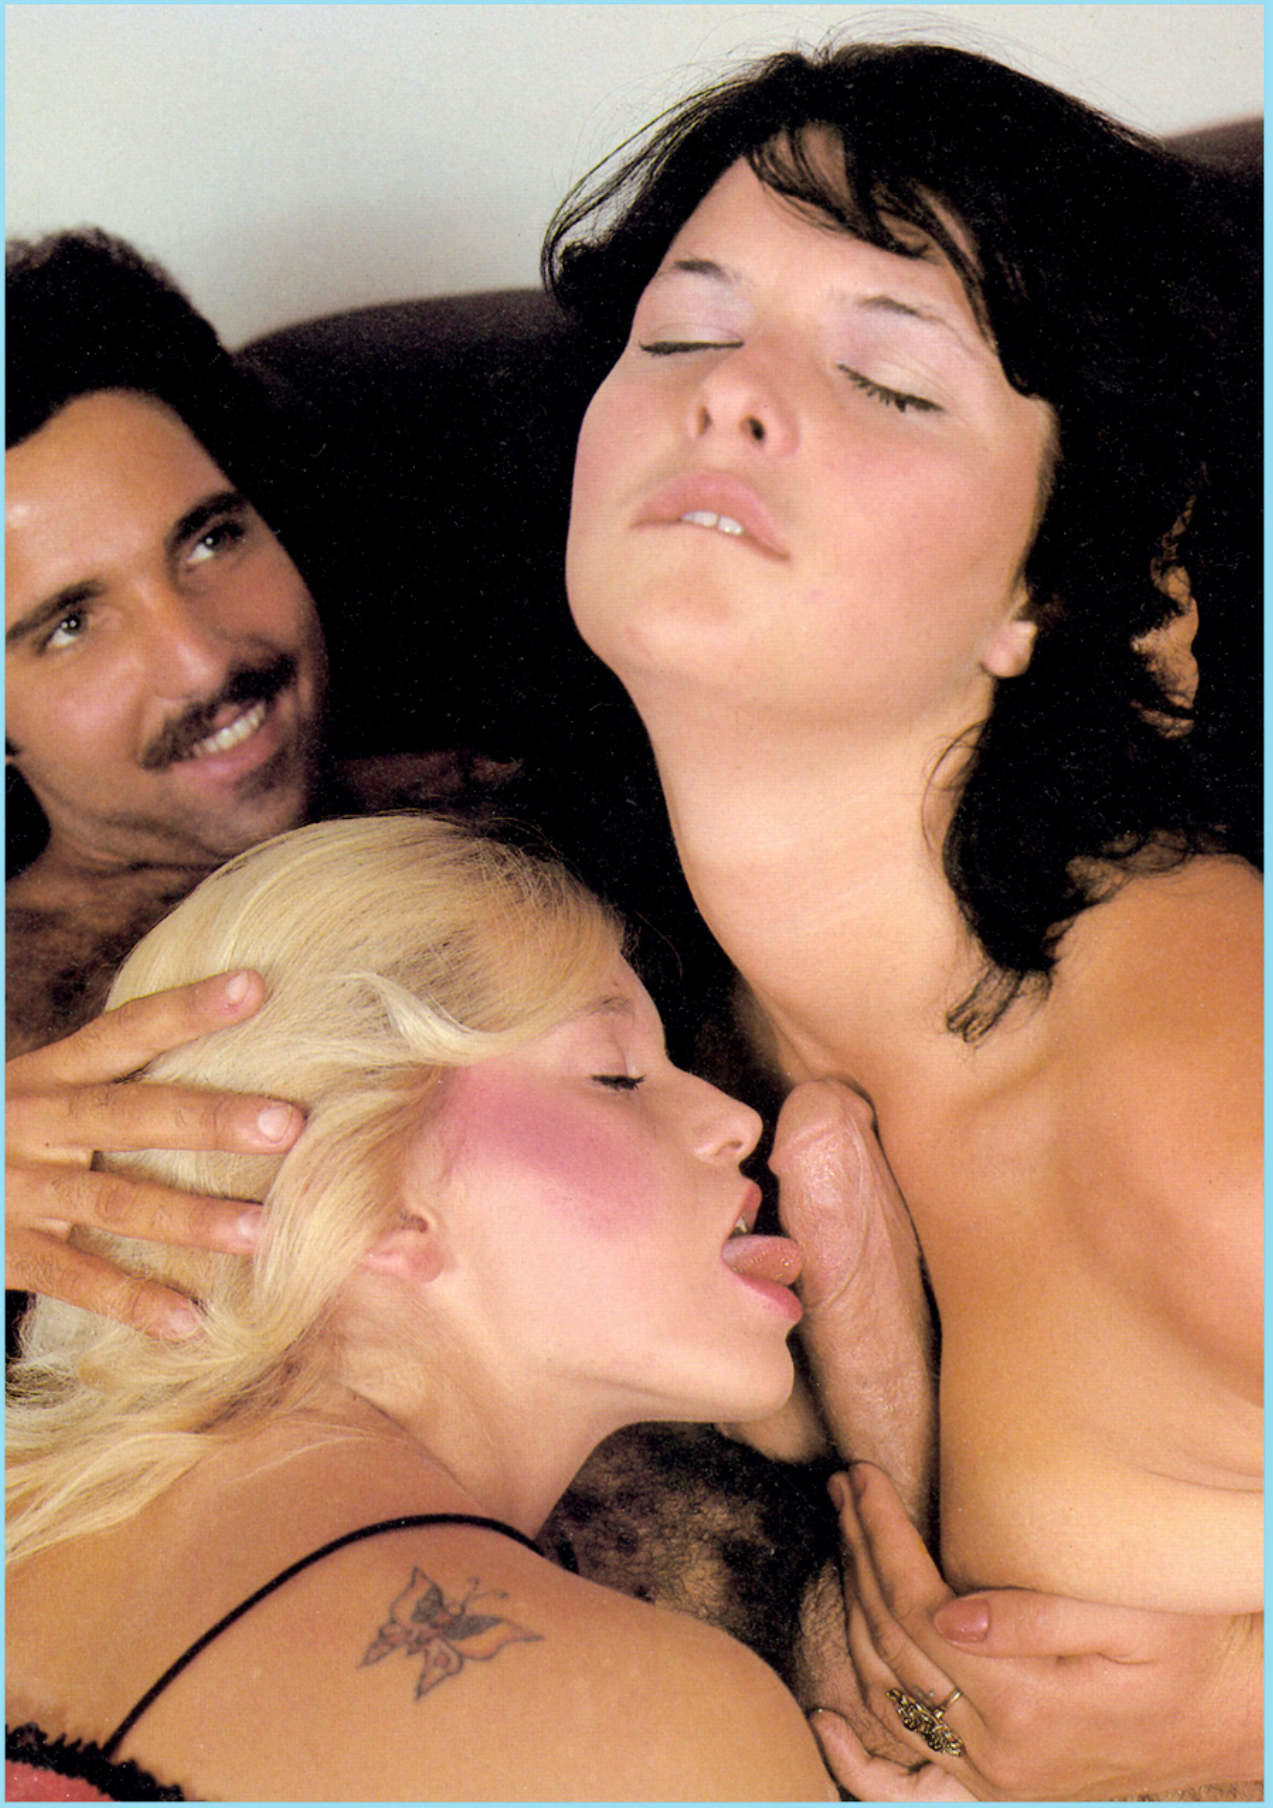
As the delivery man looked down in pleasure, the girls took turns sucking his rod. They transferred it back and forth, first one girl slipping her lips over the swollen head, then the other doing the honors. They nibbled at the shaft, all the way down to the root, licked

the pebbly flesh of his ball sac, blew whisps of air down the tube of his prick

Tony's cock got harder and harder, till Mandy could resist it no longer. She rose and turned her back to the seated man, then straddled his lap and placed the head of his dick between the wet lips of her little pussy. Slowly, carefully, she sank down on his stiff pecker. Then, after a short pause for breath, she began to ride up and down on his pole.

Gina got in closer between the man's legs, gaping at the sight. His thick flesh pole appeared and reappeared as the girl rode upward with each stroke, only to disappear up the pink hole of her pussy on the downstroke. Mandy's cunt lips were distended, her pussy wide





open, her clit sticking out boldly. Her roommate took what was left of her ice popsicle and pressed the tip against the erect clitoris.

Mandy let out a long "A-h-h-h," as the ice cooled her hot clit, and then she fell back against Tony's broad chest. They were like that for some time, too pooped from the heat and their energetic fucking to go on. That was when Gina made her suggestion.

"Why don't we all go into the shower and cool off?" she said.

The others quickly agreed, and off the black leather couch they popped. They were soon naked and underneath the cooling spray of the shower head. The girls couldn't resist looking down at Tony's thick rod, swaying back and forth, dangling its full length. Never in their lives had they seen a dick like that.

It wasn't long before Gina had more than a shower in mind. She lifted one leg, parting the lips of her cunt, as she moved closer to Tony. His cock was already stiffening at the sight, as he reached down and poked the head into her pussy. She raised

her leg even higher, bracing it on one of his strong shoulders, as he began humping his loins to fuck in and out of her cunt. In the meantime, Mandy, who was standing behind the guy, caressed the girl's ankle, then began sensuously licking it.

Before long she slumped to her knees in the cooling spray of the shower, her mouth finding her roommate's pussy, her tongue licking up and down the thick cunt lips. As for Tony, he had pulled out of the girl's cunt and come around behind her, so that when she leaned forward to brace herself with her hands on the wall above Mandy's head, he stuck his cock into her pussy from behind and began to give her the old doggie-style fuck.

They went at it every way they could think of in the cramped shower stall.

Tony fucked Mandy from behind, as she knelt on hands and knees to cunt-lap the lucky Gina, who was standing with one foot up on the tile step. Finally, Tony pulled out of Mandy's pussy, satisfied that both girls had been thoroughly fucked. He stood in the center of the shower stall, his cock standing straight out.

The girls were on their knees, and they raced for his dick, Mandy the first to get to it. She stuffed it in her mouth, hoping he would shoot off in it. She sucked him wildly, but when he still didn't come Gina took over and did the same. In time, she transferred the fleshy rod back to her roommate, as the girls took turns giving him a blowjob.

He finally shot off . . . just when they were transferring his rod between them one more time! The girls laughed crazily as they saw his dick spurting, and it went all over both of them. They had his creamy come on their chins, and Gina smeared the last droplet that clung to his piss-hole all over the blunt face of his rod.

As for Mandy, the sight of the stuff turned her wild, and she found herself licking it as it trickled from Gina's mouth.

The two girls' passion had finally cooled, but it took two showers to do it . . . a shower of water and another of come! If only they had a man like Tony for every heat wave. ■
